

## **WORLD HOLSTEIN FRIESIAN FEDERATION PRESS RELEASE**

### **World Holstein Friesian Federation Council re-elects their President and Vice President.**

The World Holstein Friesian Federation Council have re-appointed Oceania Representative Cherilyn Watson (New Zealand) to serve a second term as the WHFF President. László Bognár (Hungary) has been re-elected as the new Vice President. Both Cherilyn and Laszlo will serve four years in their elected roles until the 2028 World Holstein Conference.

#### Note to Editors

The World Holstein Friesian Federation (WHFF) is an independent organisation representing the interests of the Holstein Breed and Breeders Internationally. Currently the Holstein Associations/Herdbooks within WHFF represent over 12.1 million Herdbook registered Holstein dairy cows and more than 148,000 breeders in 42 countries. WHFF organises a Holstein Conference every 4 years. WHFF offers workshops on the Harmonisation of Type Assessment, defines genetic recessives and it also actively participates in the harmonisation of technical programs to assist in the international reciprocity of Herdbook information.
