

WHFF 5410 Data Ownership Survey Results

By Suzanne Harding (SG)

Background

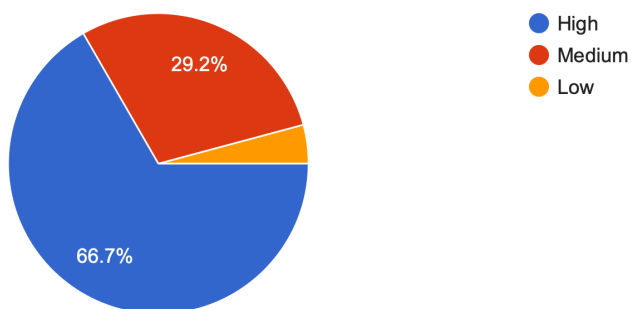

At the 53rd WHFF Council meeting it was agreed that a survey should be sent out to the WHFF membership regarding data ownership and use. The responses would be used to decide whether a Task Force was required to review this subject.

There were 24 responses out of 42 WHFF members.

The questions where a comment is requested have not been detailed as they are wordy, but can be reviewed in the spreadsheet.

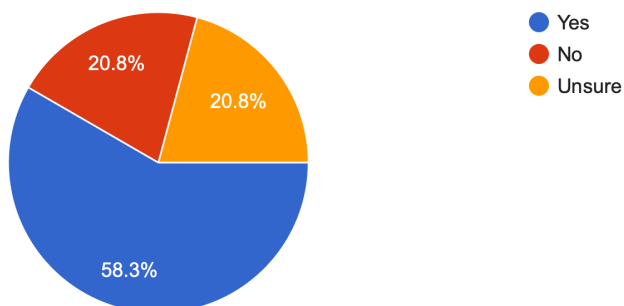

What level of interest is there in your country about Data Ownership?

24 responses

Is there any Law governing Data Ownership in your Country?

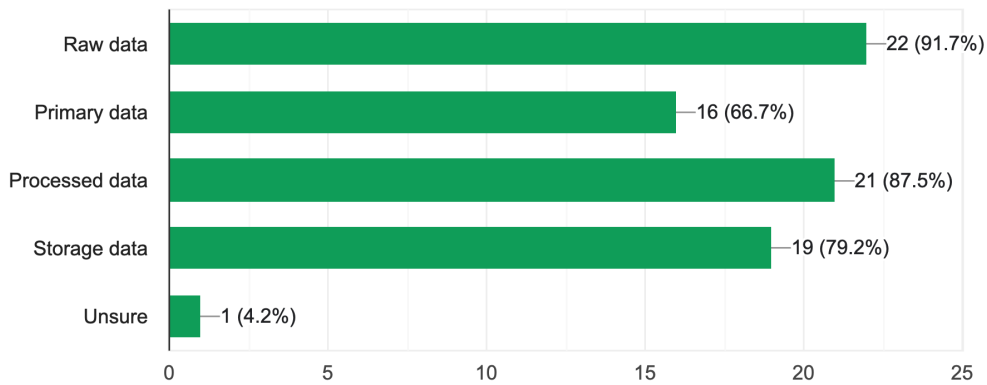

24 responses

Any regulation in each country was recorded.

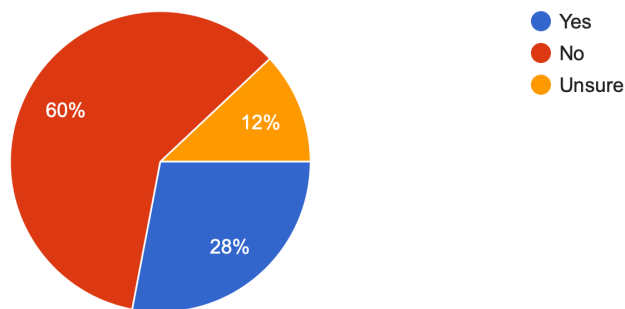

Do you know the difference between the below? Please tick all you understand.

24 responses

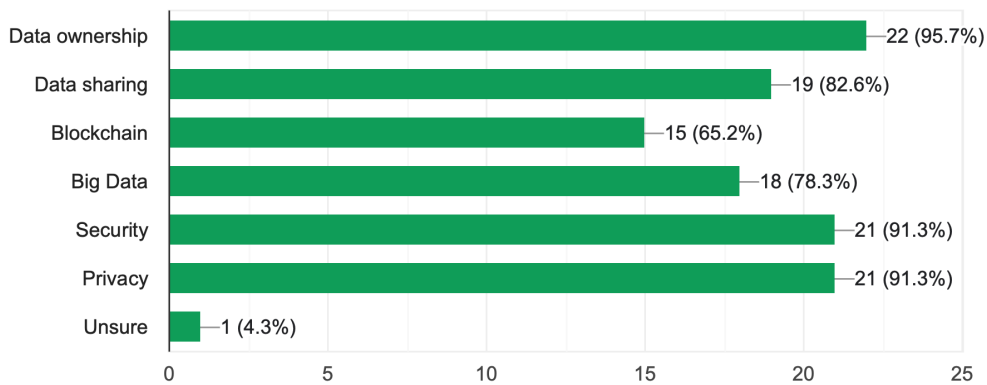

When data is sent to your Association, does that data move into your ownership?

24 responses

Do you know the difference between the below? Please tick all you understand.

23 responses

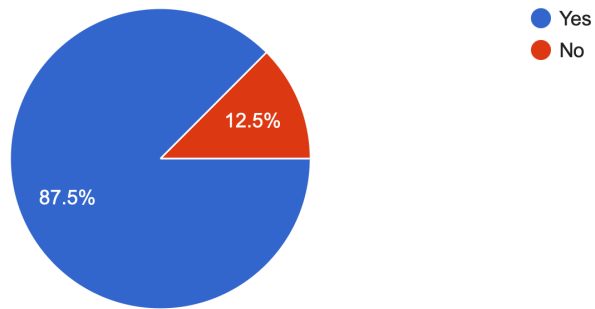

The priority for each organisation was recorded.

Do you support the creation of a WHFF Task Force for Data Ownership?

24 responses

Comments were recorded.

The Council needed to discuss and decide whether a TaskForce is required.
